

Soldiers in camp, and who have to send to the city for papers and letters, can be supplied with the Journal, in such quantities as may be required, at thirty-six cents per dozen.

TO THE GRAND ARMY NOW ENCLAMED IN AN AROUND LOUISVILLE.—We publish three papers daily. The first issue can be delivered as early as 6 o'clock A. M.; the second issue at 10 o'clock, and the third at 12 o'clock. All the papers will have despatches of the Associated Press or from private correspondents, giving the latest and important news from every section of country.

WE THANK THE Mayor for giving official notice to the owners of dogs and to keep those animals confined within their premises. If the Mayor would go a little further and order the killing of all the cans which make night hideous by barking from midnight to sunrise, he would deserve the thanks of the citizens, and particularly of those who have been of service to the maintenance of the Union. The man who was engaged in an amateurish choral affair, as he abashed fair one by his retreat to the opposite corner, leaving her "waterfall" a prize to the postman's satirist.

MARSHAL-GENERAL FRANCIS T. BEALE—The New Albany Ledger of Saturday says:

"The gallant and popular officer, commanding the garrison of 15th corps, paid our city a visit yesterday. He was warmly greeted by the who

men of all the regiments, and the third at 3 o'clock. All the papers will have despatches of the Associated Press or from private correspondents, giving the latest and important news from every section of country.

WE THANK THE Mayor for giving official notice to the owners of dogs and to keep those animals confined within their premises.

If the Mayor would go a little further and order the killing of all the cans which make night hideous by barking from midnight to sunrise, he would deserve the thanks of the citizens, and particularly of those who have been of service to the maintenance of the Union. The man who was engaged in an amateurish choral affair, as he abashed fair one by his retreat to the opposite corner, leaving her "waterfall" a prize to the postman's satirist.

WE DO NO, COMPLETELY OF THOSE DOGS. Those who are properly trained seldom bark to give notice of the approach of some deprator, but those cans which bark incessantly are enemies which should be promptly abated.

THE Mayor's caution to our citizens to keep their dogs and out of the alleys, and particularly from the gutter, is well and good; but, unless some more drastic measures can be taken, those animals should be prohibited from the streets.

WE DO NOT, APPARENTLY FOR THAT PURPOSE, HAVE ANY FAITH THAT OUR ALLEYS OR GALLIES WILL BE IN A BETTER CONDITION THAN HERETOFORE. The public health demands that down-pieces vegetable matter shall be removed, but the first step toward this end is to provide our citizens with proper vehicles to daily remove the deleterious matter.
